

GRAB BAG OF SOUTH DAKOTA CAREER ACTIVITIES

Elementary Lunchbox of Career Lessons

This collection of career lesson plans has been developed with you, the classroom instructor, in mind. The lessons provide a “menu” of activities for you to select from, depending on the needs of your classroom. Developed by South Dakota elementary counselors, the lessons are clear, easy to follow, and have handouts that may be duplicated for your students. Each lesson has been “crosswalked” to employability skills, career development standards, and the academic content standards. In addition, a bank of scoring rubrics has been added for ease in assessing student activities. All needed materials are listed, as well as recommended grade levels for each lesson. A step-by-step procedure is also provided. By assembling all of these components, you have a lunchbox of lessons that will provide a well-balanced diet of opportunities for your students to imagine, explore, and experience the world of careers and life skills.

WRITING TEAM

A special thank you to our writing team! They devoted many, many hours to writing, assembling, and editing this lunchbox collection.

Linda Whitney – Artesian-Letcher School District
Jan Fiedler – Selby Area Schools
Deb Langrehr – Tri-Valley School District
Diane Carr – Mitchell School District
Barb Cutler – Aberdeen School District

EDITING TEAM

Special thanks also to Tarra Stoesser, Bonita Russell, and Laurie Hildebrand, as well as the Aberdeen Department of Labor staff for their assistance in keyboarding and designing the lesson plan formats.

PROJECT SPONSORS

SD Department of Education and Cultural Affairs, Division of Workforce and Career Preparation – SD Department of Labor – SD Tech Prep
